

The electronic filing system people *want* to use.

Departmental Edition

Specifications

The **Departmental Edition** provides a high level of network performance for demanding applications. This unit will support our NetConnect Module and is available in a rack mountable chassis. As an upgrade it is suitable for 3040's, 3050D's, and C3000's which service more than 10 users or which are considered "mission critical" in their environment.
